GAMES ARRANGED FOR WAKE FOREST

Varsity Team, Under Coach Rowe, Fast Getting Into Shape.

[Special to The Times-Dispatch.]
Wake Forest, N. C., October 2.—Under Coach Rowe, the varsity football Wake Forest, N. C., October 2.—Under Coach Rowe, the varisty football squad is fast developing into a team that will compare raverably with the teams of the last two years Starting out with material that was practically all green, he now has a fast team in the line, as well as the backneid Huntley, the heavy and fast tackle of fast view team, who did not report for duty, after his inboratory work, which comes every day it is doubtful whether he will be able to make all the trips on account of his duttes, but he will add a mountain of strength to the team in the game, with Daviason, on Thanksstving, Folicia, six-foot three-inty recreated and his first to make at regular berth with the team. He played with Elon College team last year as tackle, which piace he is trying for on the Wake Forest eleven. Hiddick and McBrayer are also candidates for tackles, and the sight between these four men promises to be the most interesting of the whole squad Carter and Green are having a fight with Blevins, the scrib centre, close in the race. On the ends, Faucette and Betts, of last year's scribs, and Dickens, a freshman, with high school experience, are having a fight with Blevins, the scrib centre, close in the race. On the ends, Faucette and Betts, of last year's team, and Mayberry, a freshman, are all running a close race. In the backneid Utiey has things his sued. Holding is regarded as a utility man, and Ashcraft as either a tackle or guard.

The scrub team is under the direct typervision of Professor J. R., Crozler, Special control of

and Ashcraft as either a tackle or guard.

The scrub team is under the direct supervision of Professor J. R. Crozier, who is basketball and baseball coach. It has been several years since he has played the game of football, but by hard study he is developing the scrubs to an appreciable degree. There are already thirty-three men on the field every afternoon, and it is expected that at least ten more will report for duty, for at chapel exercises yesterday morning Coaches Rowe and Crozier made thrilling talks, earnestly requesting that more men come out for the eleven.

Manager Martin has given out the schedule for publication. The game schedule for publication. The game scheduled with Horner Military School for yesterday was called off by that school because of the condition of some of their men. The game will probably be played next Saturday. The schedule is as follows: is as follows:
October 8-Horner Military Acad-

emy, at Wake Forest.
October 15-Norfolk Blues, at Nor-

october 22-University of North Car-

October 22—University of North Car-olina, at Chapel Hill. October 27—University of South Car-olina, at Columbia, October 29—The Citadel, at Charleston. November 12-U. S. S. Franklin, at

Curham.
November 13-A. and M. at Wake
Forest.

Varianther 24-Davidson, at Charlotte.

November 13—A. and M., at Wake Forest.

November 24—Davidson, at Charlotte. Every afternoon, under the leadership of W. R. Holding, forward on 1. year's team, those members of the class teams of last year and those scrubs who are not candidates for the football team are working hard for the development of the basketball team. Holding is the only varsity man or subthat has returned to college, but through the system of class athletics that prevails little fear is exp.essed for the chances of Old Gold and Black to capture the college championship of the State. As soon as football is over the class basketball games will be played, and Coach Crozier will take charge of the squad.

IS OPTIMISTIC

[Special to The Times-Dispatch.]
Charlottesville, Va., October 2.—
"Pop" Lannigan, the athletic trainer at the University of Virginia, when asked to-day what were the track prospects, seemed very optimistic about the new material, Gill, captain of the Western Maryland University football team, is out for the half-mile. Gill had intended going out for the football team, but unfortunately broke his collarbone shortly before the end of last season. McMorris, a fast man from Mississippi College, is out for both the baseball and track teams. Trainer Lannigan says that he regards him as one of the fastest outfielders ever on Lambeth Field. He is out for both the hundred and the quarter-mile.

The following men also seem promising: Grandy, of Tome; Hildreth of Shenandoah Valley Military Academy, and Rambough, of Leesburg High. The track squad now numbers thirty. Hurdle practice has been started, and it is understood that "Larry" Martin will be out in a few days. The choice of Edwin Holladay as captain of the track team gives general satisfaction. Not only is he agood athlete, but no its a hard worker, and has the knack of being able also to make his men work as well, me does five feet ten inches in the high jump, and he is expected to go even higher this year.

No Criminal Work.

Tap of Gong—Thorough and Waiting for the sist of Entries.

Were stalled the green racers—horses whose mettle had yet to be tried on a race course. There are any humber of these animals present; many of them are entered, and these entries in the tryouts have displayed remarkable speed. Trainer John W. Porter, who has by far the largest string of harness horses at the meet, says that he will spring some surprises, and W. H. Nelson, of South Richmond, will drive his Great Stakes, a handsome bay stallon, and his Easter Stakes, a roan mare, both green horses, but with tala marks of 2:23 and 2:30, respectively. It is safe to say that the racing will be of such a character as to enthuse the most staid, and doublers some fast ones will be developed.

Noticeable, indeed, are the improvements to the track over last year workmen have been going at the rocurse day after day smoothed, and if, as has been announced, the track is harrowed, the runners should have an opportunity to go at top speed. Unfortunately, the long, dry weather has baked the clay until it is nearly as hard as a brick, a condition which does not conduce to fast running. However, this will, doubless be rectified. All in all, it looks like a big meet, and sports are now busliy baker, 124; Cheek, 121; Eminola, 117.
